

FOR IMMEDIATE RELEASE

**VTI PHARMACEUTICAL TECHNOLOGIES (SHENZHEN) CO., LTD. ® at
INTERPHEX ASIA 2009 Exhibition**

June 1st through June 2nd 2009

SINGAPORE (INTERPHEX ASIA 2009) – APRIL 28, 2009 – VTI Pharmaceutical Technologies (Shenzhen) Co., Ltd. will be demonstrating its broad range of validation and technical consultant services to the pharmaceutical, biotechnology and medical device manufacturers at INTERPHEX ASIA 2009 June 1st through June 2nd 2009.

VTI Pharmaceutical Technologies (Shenzhen) Co., Ltd. ® provides global Regulatory, Compliance, Commissioning and Validation services. Clients include those in the pharmaceutical, biotechnology, medical device and clinical trials industries throughout the U.S., Middle-East, Canada, Europe, and Asia.

VTI Pharma offers a full list of services including computer validation, cleaning validation, equipment/facility qualification process validation, clean room certification, temperature mapping and much more. Dedication to quality, personalized support and the success of your projects are the foundation of our company. Regional offices located in China, with services provided throughout Asia.

For a demonstration of how VTI Pharma can help pharmaceutical and other life sciences companies improve validation efficiencies, increase speed to market, reduce costs, and meet regulatory requirements, please visit VTI Pharmaceutical Technologies (Shenzhen) Co., Ltd. (VTI), booth #111, at the INTERPHEX ASIA 2009 Exhibition. For additional information on INTERPHEX ASIA 2009, please visit www.interphexasia.com.
